

Introduction to Azure

Key Advantages of Microsoft Azure

Fortune 500

Run on Azure (and learning
these skills can help you
land your first job!)

Easily deploy Web Apps, Mobile
Apps, Databases, Data Science and
AI Apps, Blockchain, Analytics with
pre-built configurations.

Supports a wide range of

- Open source libraries (Node, .NET core, spark, Hadoop, Kafka)
- Programming languages (Python, C#, JavaScript, Java, Ruby)
- Operating systems (iOS, Android, Windows, MacOS, Linux)

Create a Microsoft Azure Account

Go to

<http://mlhlocal.host/azure-student>

Navigate to the top URL if you have a student email address and the bottom one if you don't. Select [Activate now >](#).

The screenshot displays the Microsoft Azure website's student account creation page. The top navigation bar includes the Microsoft Azure logo, contact information (1-800-867-1389), a search bar, and a 'My account' link. Below the navigation bar, a blue banner features the headline 'Hey students—start building the future with Azure' and a sub-headline 'Get a \$100 credit when you create your Azure free account'. A prominent green button labeled 'Activate now >' is centered in the banner. Below the banner, three key benefits are listed: 'No credit card needed' (with a sub-point about verifying student status), '25+ free products' (listing virtual machines, AI, and databases), and '\$100 in free credit' (explaining its use for projects or hackathons). Each benefit has a corresponding 'Learn more >' link. The bottom section of the page has a dark background with the headline 'Create your Azure free account today' and the sub-headline 'Get started with 12 months of free services'. It features a large green button 'Start free >' and a blue link 'Or buy now >'.
