

## Create a Microsoft Azure Account

Go to

<http://mlhlocal.host/azure-student>

Navigate to the top URL if you have a student email address and the bottom one if you don't. Select [Activate now >](#).

The screenshot displays the Microsoft Azure website's student account creation page. The top navigation bar includes the Microsoft Azure logo, contact information (1-800-867-1389), a search icon, and a 'My account' link. Below the navigation bar, a blue banner features the headline 'Hey students—start building the future with Azure' and a sub-headline 'Get a \$100 credit when you create your Azure free account'. A prominent green button labeled 'Activate now >' is centered in the banner. Below the banner, three key benefits are listed: 'No credit card needed' (with a sub-point about verifying student status), '25+ free products' (listing virtual machines, AI, and databases), and '\$100 in free credit' (explaining its use for projects or hackathons). Each benefit has a corresponding 'Learn more >' link. The bottom section of the page has a dark background with the headline 'Create your Azure free account today' and the sub-headline 'Get started with 12 months of free services'. It features a large green button 'Start free >' and a secondary link 'Or buy now >'.

# Hey students—start building the future with Azure

Get a \$100 credit when you create your Azure free account

[Activate now >](#)

[Read the FAQ for eligibility >](#)

**No credit card needed** + **25+ free products** + **\$100 in free credit**

Simply verify your student status through your school email address, and you're ready to go.

Explore virtual machines, artificial intelligence (AI), databases, and more.

Use your credits with any Azure product to build a class project or a hackathon.
